Omar Khan (OK)
Founder

Innovation Factory, founded by Mr. Omar Khan (OK) is a tech organization fully equipped to provide advanced solutions for Blockchain integration, deployment & development on Web 3.0 protocols in a diversified range of industries including media & entertainment, healthcare, travel & tourism, education, gaming and more.

Innovation Factory was awarded for the Fastest Growing Crypto Community by Dubai Expo 2022-23 and has acquired an impressive community of over 20 million members across 205+ countries.

Powered by

Blockchain Foundation for Innovation & Collaboration

BFIC Blockchain is a scalable blockchain that enhances scalability with a proof-of-distribution consensus protocol.

A blockchain paradigm that combines solves the limitations of Proof-of-Stake (PoS) and Proof-of-Work (PoW) protocols to support efficient and scalable adaptability of artificial intelligence, machine learning, Web 3.0, Metaverse and advanced smart contracts.

FAQs

What is BFIC Gold Network?

The BFIC Gold Network is a decentralized platform that empowers users to stake BFIC coins and earn 3x rewards on each staking. The app operates seamlessly through smart contracts, ensuring a secure and transparent environment for crypto enthusiasts.

How can I start earning rewards on BFIC Gold Network?

Earning with BFIC Gold Network is very easy. Simply download the app, purchase BFIC coins, stake them on the app and start earning. To boost your income, you may also invite members to join your team and earn higher rewards as they stake.

How are rewards generated on BFIC Gold Network?

BFIC Gold Network introduces a robust reward system, featuring unique earning opportunities capped at a 3X limit for fair distribution, ensuring sustainability and the longevity.

How do I get my rewards?

BFIC Gold Network is a decentralized platform which operates through smart contracts. This is an automated system, and your earnings are credited to your wallet instantly.
